What We Do

Victor Treatment Centers (formerly Rosemary Children's Services) has been committed to helping abused and neglected children in our community since 1920.

Our role is not only to assure our children are out of harm's way, but also to provide them the educational, medical, emotional and psychological attention they need.

Victor Treatment Center's Foster Family and Adoption Program strives to recruit and train quality resource (foster/adoptive) family homes throughout Los Angeles, San Bernardino, Riverside, and Orange Counties. Resource Families together with the agency will work as a team to provide consistent care, warmth, and treatment for boys and girls in crisis. The children placed with our agency have been removed from their homes due to abuse, neglect or abandonment. These children are in desperate need of warm, loving and supportive homes that will provide unconditional patience and support.

As a Victor Treatment Centers Foster/ Adoptive Parent, you will be a part of a professional team including Foster Care Social Workers, Therapists, Counselors and Teachers. We all work together towards the primary goal of foster care which is family reunification. In cases where reunification is not possible, as a Resource Family, you may have the opportunity to adopt the children placed in your loving home!
